**“Fight, Flight, or Freedom”**  
**Acts 16:22–34**

The story of Jesus is about God entering into our most difficult circumstances to save, redeem, and heal. But when God shows up, will you be there waiting? Together we will explore Acts 16 and our invitation to show up too. What if we, like Paul and Silas, would have the courage to not run from difficulty, but rather to lean into it? What if we would have the courage to not hide, but to embrace vulnerability as the opportunity for God to do something incredible?

All attendees must register before April 7, 2018.
